INTRODUCTION

We're Abby & Julie, an experienced creative duo based in colorful Colorado. We specialize in designing and installing sensory murals that invite interaction, regulation, and joy for all ages. Alongside immersive sensory work, we create bold, graphic murals for shops, restaurants, homes, offices, and public spaces of all sizes. We also offer hand painted mural installation of pre-designed artwork, branding, and advertising directly onto walls, making high-impact visuals accessible for a wide range of spaces.

SENSORY MURALS

Why is a sensory mural beneficial In your environment?

**EMOTIONAL
REGULATION**

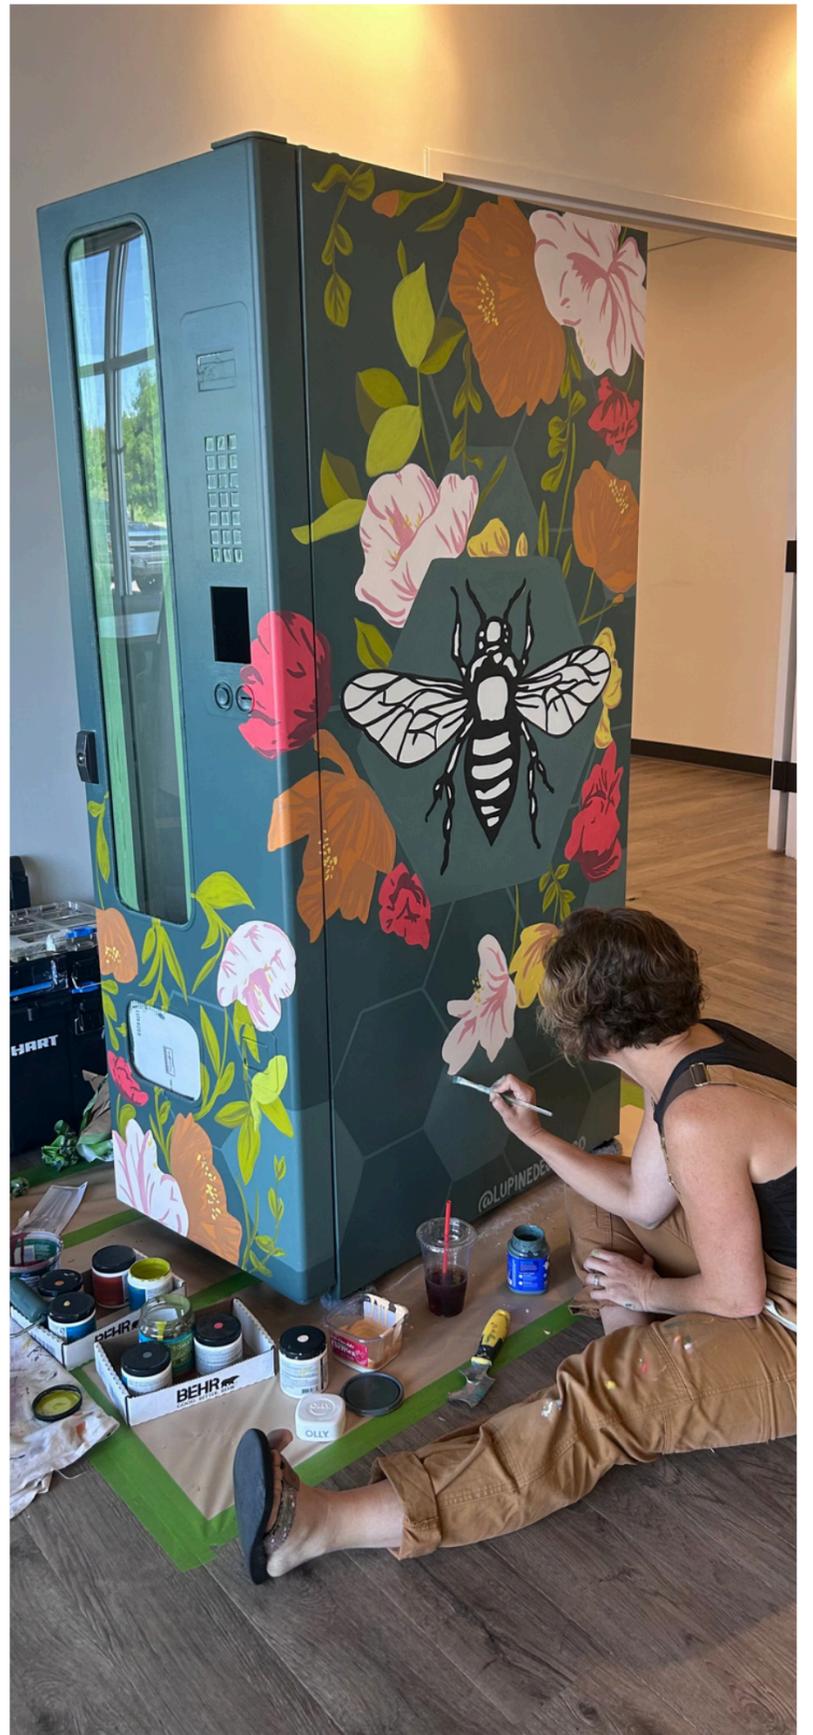

**ENGAGEMENT
& ATTENTIVENESS**

**IMAGINATION
EXPLORATION**

An estimated 5–16% of the general population experiences sensory processing differences, with higher prevalence among neurodivergent individuals.

Opportunities for sensory regulation benefit all nervous systems—
not only individuals with diagnoses.

INSTALL**

Lupine Designs did such an amazing job creating a sensory mural for our ABA clinic. They took our ideas and turned them into a reality and is greater than we could have imagined! We are so appreciative of Julie and Abby's creativity and work to create us something that the kiddos in our clinic absolutely love!

REVIEWS

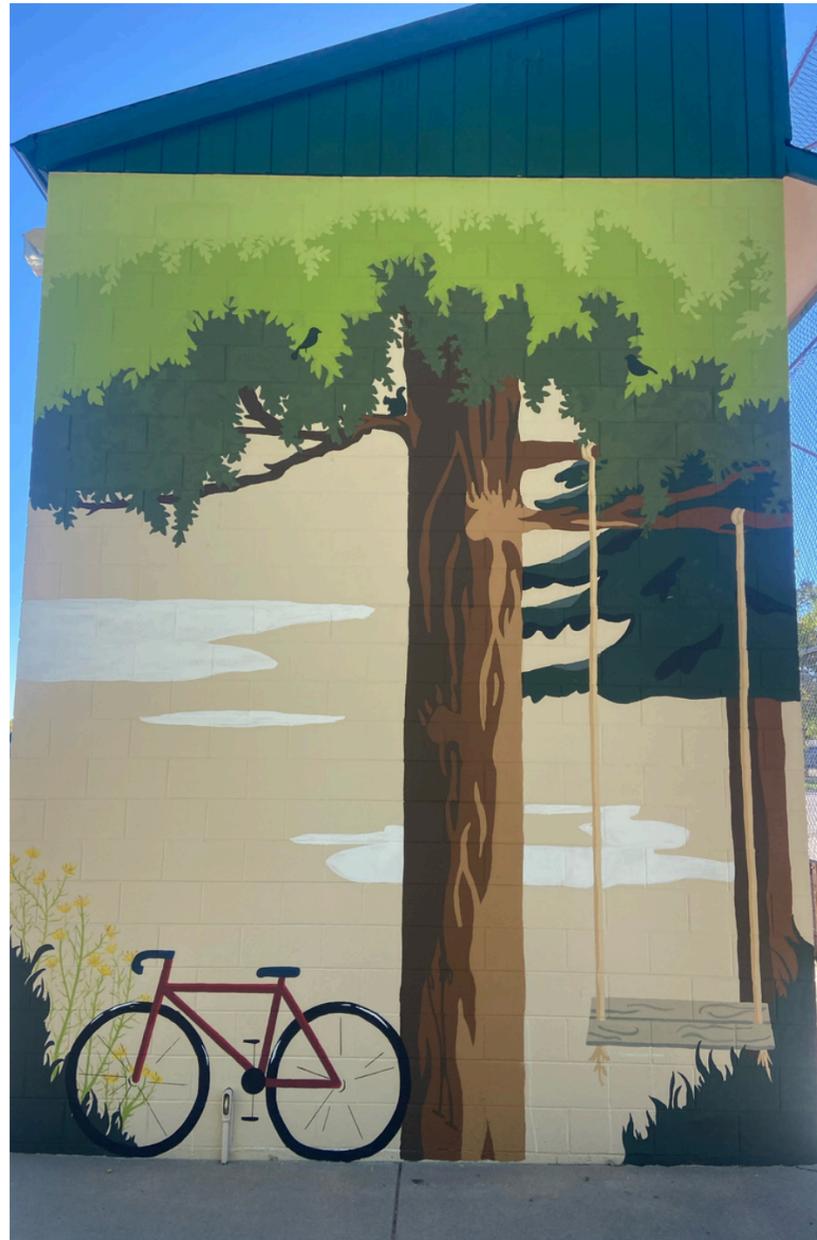

“We're thrilled with the quality of work, the customer service, and the creativity of this amazing company! Highly recommend!”

Emily Reilly

Working with Abby and Julie was a breeze! Communication was clear and easy. The day of painting was seamless and the mural they painted was exactly like the image they provided. Exceeded my expectations and I look forward to working with them again in the future!
